

CHRIST UNITED METHODIST PRESCHOOL

Is your child ready for something more?

4's & 5's Enrichment Class 2025-2026

To meet the needs of those children who are anxious to "dig a little deeper" and stay at Christ UMC Preschool a little longer each day, we offer an engaging small group enrichment program for our 4's and 5's.

Enrichment allows your child to supplement preschool experience with extra time of hands-on study in Math, Science, Reading as well as Arts and Crafts. Your child's day is extended 1.5 hours beyond our core 4's & 5's program.

This program is designed to complement our Monday / Wednesday / Friday core program and further expand your child's academic readiness for Kindergarten.

Join us and see your child grow in self-confidence and kindergarten readiness.

The Christ UMC Preschool Enrichment will offer your child opportunities to:

- Enjoy a cooking class in the kitchen
- Explore the outdoors with magnifying glasses and create nature projects
- Create individual and group art projects for display at preschool
- Scamper through the building with our teachers on themed scavenger hunts
- Expand mathematical thinking during our Math Weeks: number recognition, patterns, sequencing, and simple addition
- Perform science experiments to enhance problem solving and critical thinking skills
- Further develop core reading skills, vocabulary, and verbal expression
- Enhance sportsmanship, cooperation, and following directions with an assortment of games
